**Welcome to our 1<sup>st</sup> Presentation of the Year! I want to personally congratulate and thank all performers and athletes! This performance represents our first 11 weeks together this year.**

**Students not only retain dance steps, but also work the tools of teamwork, self-discipline, expression and leadership. While most studios learn "a routine" that their class will present at the end of the year, these masterful students at Dubuque Dance Studio and Gymnastics Club have worked material for three dance routines to present to you today. We are so very proud of**

**all of you. To Every Child: You are Beautiful, You are Wonderful, You are Strong, You are Important, You are Powerful, You are Brave, You are Kind, You are Smart, You Make a Difference, You are Loved! Miss Dee, and The Staff of DDSGC**
